FOREWORD

In addition to this Catalog, the Indiana State Normal School publishes:

- I. AN ALUMNI DIRECTORY—to be issued every three years and devoted entirely to the alumni of the school. The first issue was in 1922. This is for alumni only.
- II. THE NORMAL HERALD—issued four times a year. One issue is the annual catalog. The other three issues are devoted to interests of the alumni.

Students and prospective students are always interested to know what are the definite and specific things which a school offers. The Indiana State Normal School offers:

- I. THE REGULAR TEACHERS' CURRICULA—the objects of which are the preparation of teachers for the usual teaching positions offered by the public schools open only to graduates of approved secondary schools. (See pp. 49-56 for details.)
- II. THE MUSIC DEPARTMENT—a Public School Music Course of three years. (See pages 57-60 for further particulars.)
- III. THE COMMERCIAL DEPARTMENT—which offers a Commercial Teachers' Training Course of three years. (See pp. 61-65 for further details.)
- IV. THE HOME ECONOMICS CURRICULUM—of three years, the purpose of which is to prepare persons to teach the subject in public schools. (See pp. 66-70 for details.)
- V. THE NORMAL ART CURRICULUM—of three years, to prepare teachers of drawing. (See pp. 71 and 72 for details.)

BOROUGH SCHOOL TRAINING TEACHERS

LAURA BASH.....

Education: Graduate of Public Schools, Indiana, Pa., Graduate of State Normal School, Indiana, Pa., 1895; Columbia University, New York City, Summer Session, 1921; Chautauqua, N. Y., Summer Session, 1916; University of Michigan, Ann Arbor, Mich., 1902; University of Pittsburgh, Summer Sessions, 1923 and 1924.

Experience: District Teacher, Indiana and Cambria Co., Pa., 1890-1892; Elementary Teacher, South Fork, and Westmont, Johnstown, Pa., 1895-1904; Elementary Teacher, North Braddock and Conemaugh, Pa., 1906-1907; Elementary Teacher, Indiana, Pa., 1907-1921. In present position since 1921.

TEMPLE H. DAMERON, B.S., M.A.....

Education: Ridgeway, High School, N. C., Graduate of N. C. College for Women, Greensboro, N. C., 1904; B.S. and M.A., Peabody College, Nashville, Tenn., 1916-1921.

Experience: Elementary Teacher, Public Schools, N. C., 1904-1916; Supervisor and Teacher, Buckhamton, W. Va., 1917-1920. In present position since 1921.

ELEANOR J. FLYNN, PH.B.....

Education: Graduate of Postville High School, Postville, Iowa, 1912; Summer School, Drake University, Des Moines, Iowa, 1914; Graduate of Mankato State Teachers College, Mankato, Minn., 1917, Ph.B., University of Wisconsin, 1923.

Experience: Rural School, Alamakee County, Iowa, 1914-1915; Elementary Teacher in Le Roy, Minnesota, 1917-1918; Elementary Teacher, Red Wing, Minnesota, 1918-1921. In present position since 1923.

JANE LILLIAN HAZLETT.....

Education: Graduate of Indiana State Normal Training, Indiana, Pa., 1908; Graduate of Indiana State Normal School, 1913; Columbia University, New York, Summers of 1923-1924.

Experience: Primary Teacher, Ernest, Pa., 1913-1915; Primary Teacher, Indiana, Pa., 1915-1918; 1919-1923. In present position since 1923.

MYRTLE L. HESSE.....

Education: Roseville Public School, Roseville, Ohio, 1898-1906; Graduate of Zanesville High, Zanesville, Ohio, 1910; Graduate of Ohio University, Athens, Ohio, 1915.

Experience: Elementary Teacher, East Liverpool, Ohio, 1911-1914; Elementary Teacher, Pickaway Cent. School, 1915-1916; Elementary Teacher, East Liverpool, Ohio, 1916-1918; Critic, Ohio University, 1918-1921. In present position since 1921.

STATE NORMAL SCHOOL, INDIANA, PENNSYLVANIA

MARGARET J. LOWMAN.....

Education: Graduate of Jacksonville Public School, Jacksonville, Pa., 1902; Graduate of State Normal, Indiana, Pa., 1905; Summer Session, Columbia University, New York, 1921; Summer Session, Kansas State University, Lawrence, Kans., 1906; Summer Session, Chautauqua, N. Y., 1920; University of Pittsburgh, Summers of 1922, 1923, 1924.

Experience: Elementary Teacher, Walnut Grove, 1905-1908; Elementary Teacher, Indiana, Pa., 1908-1921. In present position since 1921.

ANGIE MARSHALL.....

Education: Graduate of Allegheny Township, Westmoreland County, Pa., 1894; Graduate of High School, Leechburg, Pa., 1898; Graduate of Indiana Normal, 1901; Columbia University, New York, Summers, 1913, 1923; University of Pittsburgh, Pittsburgh, Pa., Summers, 1915, 1924; Harvard University, Cambridge, Mass., Summer, 1918.

Experience: Teacher in Allegheny Township, Westmoreland Co., Pa., 1898-1900 and 1901-1902; Elementary Teacher, Leechburg, Armstrong Co., Pa., 1902-1917; Elementary, Pittsburgh, Pa., 1917-1921. In present position since 1921.

ANNE O'NEILL, B.S.

Education: Merrill High School, Merrill, Wis., 1908-1912; State Normal School, Oshkosh, Wis., 1912-1914; B.S. and Diploma in Primary Supervision, Teachers College, Columbia University, 1922-1924.

Experience: Public Schools, Washburn, Wis., 1914-1917; Public Schools, Ogden, Utah, 1917-1919; Public Schools, Oak Park, Ill., 1919-1921; Public Schools, Kenosha, Wis., 1921-1922; Primary Methods, State Teachers College, Raleigh, N. C., Summer, 1923; Primary Methods, State Normal, Asheville, N. C., Summer, 1924. At Indiana since September, 1924.

OSIE OVERMAN, A.B.

Education: Graduate of High School, Clayton, Indiana; Central Normal College, Danville, Indiana, 1906-1907 and 1910-1911; Teachers' College, Indianapolis, Indiana, Summer, 1915; Graduate of Indiana State Normal School, Terre Haute, Indiana, 1922.

Experience: Rural Schools, Hendricks County, Indiana, 1907-1910; Elementary Teacher, North Salem, Indiana, 1911-1912; Primary Teacher, Coatesville, Indiana, 1912-1919; Head of the English Department of High School, Hagerstown, Indiana, 1922-1924; Teacher of Primary Methods, Indiana State Normal School, Terre Haute, Indiana, Summer of 1924. At Indiana since 1924.

HELEN M. PENCE, B.S.....

Education: Graduate Northern Illinois State Normal School, DeKalb, Ill., 1917; Graduate University of Illinois, Urbana, 1922.

Experience: Elementary teacher, Sioux City, Iowa, 1917-1918; Belvidere, Ill., 1918-1920; Riverside, Ill., 1921-1922. At Indiana since 1922.

LA VADA REED, B.S.

Education: Preparatory work, Valparaiso University, Valparaiso, Ind., 1907-1909; B.S. Valparaiso University, 1914; Teachers College Columbia University, New York, 1923-1924.

Experience: Grade work, Hale Center, Texas, 1910-1912; History, Geography and Writing, Grammar Grades, Sioux Falls, S. Dakota, 1915-1918; Instructor of Handwriting, State Normal School, St. Cloud, Minn., 1918-1919; Writing Supervisor, Public Schools, Petersburg, Va., 1919-1921; Instructor and Supervisor of Writing, State Teachers' College, East Radford, Va., 1921-1923; Instructor in Geography, Normal Department University of North Carolina Summer School, Chapel Hill, N. C., Summer, 1924. At Indiana since 1921.

HARRIET FARR SEWERT

Education: Graduate Teachers' Training School, Alma, Wisconsin, 1912; State Normal School, LaCrosse, Wisconsin, Summer, 1914; Graduate State Teachers' College, Winona, Minnesota, 1920; Post Graduate Study, 1921-1922; University of Chicago, Summers, 1921-1922; 1923-1924.

Experience: Rural Teacher, Wisconsin, 1912-1915; Assistant Critic Teacher, State Teachers' College, Winona, Minnesota, 1920-1922. At Indiana since February, 1923.

OLIVE E. SMALLIDGE, A.B.

Education: Graduate High School, Battle Creek, Mich.; City Training School, Battle Creek, Mich.; Michigan State Normal College, Ypsilanti, Summers, 1914-1915; University of Michigan, Summers, 1916-1917; University of Michigan, Engineering School, 1921; Literary College, 1921-1923; A.B., University of Michigan, 1923.

Experience: Public Schools, Battle Creek, Mich., 1909-1914; Public Schools, Kalamazoo, Mich., 1914-1921; Public Schools, Grand Rapids, Mich., 1923; Critic, State Normal School, Oshkosh, Wis., 1923-1924. In present position since 1924.

MARGARET E. SOBER, B.S.

Education: Graduate Leechburg High School, Leechburg, Pa., 1916; Graduate State Normal School, Indiana, Pa., 1918; B.S., Teachers College, Columbia University, 1923.

Experience: Primary Teacher, Leechburg, Pa., 1918-1921; Teacher of Primary Reading Methods, State Normal School, Indiana, Pa., Summer of 1922. In present position since 1923.

MARY ALICE ST. CLAIR

Education: Graduate of State Normal Training School, Indiana, Pa., 1909; Graduate of State Normal School, Indiana, Pa., 1913; Columbia University, New York, Summers of 1923, 1924.

Experience: Primary Teacher, Clymer, Pa., 1913-1916; Primary Teacher, Ambridge, Pa., 1916-1917; Primary Teacher, Indiana, Pa., 1917-1920; Primary Teacher, Homestead, Pa., 1920-1921; Primary Teacher, Indiana, Pa., 1921-1923. In present position since 1923.

MARY EDNA STEWART

Education: Graduate of Indiana High School, 1910; Graduate of State Normal School, Indiana, Pa., 1913; Columbia University, New York, Summers of 1923, 1924.

Experience: Primary Teacher, Luzerne, Pa., 1913-1914. Primary Teacher, Conemaugh, Pa., 1914-1915; Primary Teacher, Indiana, Pa., 1915-1920; Primary Teacher, Alhambra, Calif., 1920-1922; Primary Teacher, Indiana, Pa., 1922-1923. In present position since 1923.

DOROTHY HELEN WYCKOFF, Ph.M., A.B.

Education: Graduate of Cameron High School, Cameron, Mo., 1913; Mo. Wesleyan College, Cameron, Mo., 1913-1915; Colo. Teachers College, Greeley, Colo., 1915-1917, A.B.; Colo. Agri. College, Ft. Collins, Colo., 1919-1920; Chicago University Summer Session, 1920.

Experience: High School, Edgemont, S. D., 1917-1919; Colo. Agri. College, Ft. Collins, 1919-1920; Head of Normal Training Dept., Neosho High School, Neosho, Mo., 1920-1923; Head of Normal Training Dept., Wagner High School, Wagner, S. D., 1923-1924. In present position since Sept., 1924.

Administrative Organization of the Faculty

OFFICERS OF THE FACULTY

Principal	JOHN A. H. KEITH
Director of the Training School.....	JENNIE M. ACKERMAN
Dean of Women.....	HOPE STEWART
Dean of Men.....	W. M. WHITMYRE
Director of Musical Conservatory.....	ROBERT A. BARTHOLOMEW
Director of Art Instruction.....	JEAN R. McELHANEY
Director of the Commercial Department.....	G. G. HILL

Librarian.....	MRS. KATHERINE JACKSON BREW
School Nurses.....	BLODWYN ROBERTS AND R. ESTELLE SMITH
Bursar.....	FRANCES M. BURKE
Registrar.....	MARY L. ESCH

STANDING COMMITTEES OF THE FACULTY AND THEIR DUTIES

(All acts of the faculty committees are subject to the approval of the Principal.)

Advanced Standing:

This committee determines the value of all work done in other schools which is offered by entering or prospective students for advanced standing here, and reports its findings to the Principal.

Athletics:

This Committee has general supervision over all public athletic games, exhibitions, and contests, and has control over the arrangements for such games, exhibitions, and contests with other schools or associations.

It has control over the finances and property of the Athletic Association, and over the purchase of needed athletic supplies.

It decides what candidates for membership on teams or for admission to athletic games, exhibitions, and contests are eligible, and it shall exclude from participation those whom it finds below the standard in their studies, or ineligible for any other cause.

It has power to appoint or remove Captains for the various teams.

Classification:

This Committee enrolls and classifies all students.

It sees that a full and correct registry of students is kept in the office, with copies of individual programs.

Subject to such regulations as may be adopted by the Principal, it passes upon all requests for changes of program.

It sees that the grades made by students each term are duly reported to the recording official.

It follows up students' work and disciplines delinquents when in its judgment it thinks best, and also offers such advice and encouragement as seem wise.

It has the power to call upon teachers for weekly reports of the standing of students whose work is under its consideration.

Commencement:

This Committee has general directive charge of the affairs of Commencement. It sees that the diplomas are ready, and has proper programs printed.

Dining Room:

This Committee has general charge of all dining-room matters not coming under the official control of the Steward and Dietitian; it arranges the seating; it is responsible for good order, not only in the dining-room, but upon entering and leaving the same; in this work it has the cooperation of all members of the Faculty.

Lecture Course:

This Committee selects and contracts for all lectures and entertainments for the regular Normal Lecture Course.

All entertainments, excepting those which come under the control of other regular committees or the Principal, must receive the approval of this committee and be subject to its regulations before they shall be permitted to appear in the Chapel.

Literary Societies:

In working with the committees appointed by the Societies, or in working with the Society officials, this Committee represents the Faculty. It seeks to make more effective and valuable the work of the literary societies, and to this end advises with the members of the societies from time to time.

It has general charge of all contests, inter-society or inter-collegiate, and open meetings.

Any and all society meetings are open to the members of this Committee, and its members are required to attend the meetings from time to time.

Recommendations and Positions:

This Committee assists graduates and qualified students to secure positions to teach, and aids school officials in procuring teachers.

It collects complete and accurate information respecting all applicants for positions to teach who ask the assistance of the Committee.

The Committee seeks to assist school authorities in procuring competent teachers. The plan is to recommend candidates best suited to fill vacancies and not to send out general letters of recommendation.

School authorities who write the Committee will have full and confidential information in regard to applicants.

STATE NORMAL SCHOOL, INDIANA, PENNSYLVANIA

School officers are cordially invited to visit the Normal to inspect the work of those whom they may wish to secure to fill positions. Correspondence is invited from Boards, Principals, and Superintendents in regard to vacancies and teachers. This information will be treated in full confidence and all possible assistance will be gladly given.

While the chief work of the Committee will be to help the students who are in attendance, yet it is the purpose to lend assistance to graduates and former students in securing for themselves more satisfactory positions. To this end the full cooperation of Alumni and former students is earnestly desired. Write to the Committee when in need of a teacher. Supply information concerning vacancies.

All correspondence in regard to location of teachers should be addressed to the Secretary or the Principal.

The Normal, through its Committee on Recommendations and Positions, is prepared to give systematic aid to its graduates and students in securing suitable positions to teach.

Religious Work:

It is the function of this Committee to assist and encourage the students in all religious work. It advises with the officers of the Y. W. C. A. and Y. M. C. A.

School Magazine:

This Committee has general charge of the publication known as The Normal Herald.

Social Life:

This Committee has general and executive charge of the social life of the students. It directs and controls the Saturday evening social, and all other social affairs at the school.

History of the School

The plan of this Institution was conceived in the sixties, the first money, some twenty thousand dollars, being subscribed for its founding in 1869. The first recognition by the State was through an act of the General Assembly in 1871, but the school was not opened until May 17, 1875. Its first principal was Dr. E. B. Fairfield, who afterwards, as the first Chancellor of the University of Nebraska, so largely influenced the future of that institution.

Among the notable men present upon the opening day of the school was one of Pennsylvania's most famous educators, then State Superintendent of Public Instruction, James P. Wickersham, who stated in his public address that it was his opinion that Indiana's first building was the largest, finest and best-planned structure devoted to normal school education in the United States. A monument to its founders that building still stands, and in honor of the first president of the board of trustees, it is known as John Sutton Hall.

In 1893 there was erected upon our campus a brick residence for men students. In February, 1906, this building was burned to the ground. There were excellent fire escapes, so not only were no lives lost, but there were no serious injuries. The ruins were not cold before the trustees were planning for a larger and better dormitory. The building stands upon the site of the old one, but is somewhat larger, and is known as Clark Hall, in honor of the board's second president, the late Justice Silas M. Clark of the Supreme Bench.

In 1893, also, the board erected, to the northward of the main building, the Model or Training School, and named it, in honor of their third president, the A. W. Wilson Hall. This building contains eight large, airy classrooms, with ample playgrounds in the basement for use on stormy days.

The year 1903 marked a strong advance in Indiana's material equipment. The Normal's Recitation Hall was then erected. It stands just to the southward of Wilson Hall, completing the east wing of the quadrangle. A stately structure it is and one of the most beautiful on the campus. The dimensions are a frontage of one hundred and thirty feet and a depth of one hundred and twenty-three. The building is the school proper of the Normal and contains twenty-four large, beautiful rooms. The Trustees honored themselves by naming this building after one of their widely known and most faithful teachers, Jane E. Leonard.

During that same year (1903) there was erected to the westward of the south wing of John Sutton Hall another most beautiful and imposing structure, one hundred and twenty-three by ninety-two feet in size and three stories high. In the basement of this building is the laundry and storage, while on the first floor are the kitchens, dining-rooms, and the Steward's office; the Music Conservatory occupies the second and third stories. This building is known as Thomas Sutton Hall, in honor of the President of the Board of Trustees.

During the past few years something more than \$60,000 has been spent in improving the Institution's plant, the most noteworthy improvement being the erection of a cold storage plant in connection with the refectory. It enables the school to manufacture its own ice, and to furnish its students at all times with the choicest fresh meats.

During the year 1910 two notable additions to our buildings were made—an annex to the dining hall, seating over two hundred, and an annex to the

girls' dormitory, accommodating sixty-two girls. The dining-room annex contains a very large fireplace, which promotes good cheer and helps the ventilation materially. The annex to the girls' dormitory affords to each two girls occupying it a suite consisting of a sitting-room and a bed-room. There are two large wardrobe closets, one for each girl. In the bedroom each girl has her own bed, and there is a porcelain lavatory supplied with hot and cold water. No dormitory, however high the charges of the school, affords its occupants better rooms than these. This building is practically fireproof, and its bath-rooms—one on every floor—are tiled and finished in Italian marble. Occupants of these rooms pay from seventy-five cents to one dollar a week extra.

During the year 1913 the Trustees bought land off the Campus and across the P. R. R., and erected a Power Plant at a cost of \$140,000. This is one of the most complete plants owned by a school. It provides all heat and light and furnishes power for the elevators, ventilating fans, and culinary machinery.

During the year 1914 the Ambulatory around Recreation Hall was built and the Hall itself entirely reconstructed. The "North Annex" to the girls' dormitory was built, providing rooms for seventy girls. The rooms in this annex are larger than those in the old dormitory, and they are better furnished than any other of our rooms; each girl has her own bed, her own desk, and her own study-light. An addition nearly doubling the capacity of the kitchen was built, and more than \$3,000 worth of new kitchen appliances were added. A large fruit cave, ten feet by sixteen by twenty-four feet, entirely underground, was constructed. This cave is water-proof, and enables the school to have fresh fruit practically the year round.

During the year 1915 an addition was built, that doubled the capacity of the "North Annex." The rooms in the new part are better, however, than those in the part first constructed. In addition to the advantages thus afforded, each room opens into a private dressing room with lavatory supplied with hot and cold water. The entire first floor of the addition to the "North Annex," 101 feet in length, is now occupied by the Library.

During the summer of 1915 an addition was built to our dining-room. Those who have seen many schools announce their opinion that ours is the finest school dining-room in America.

In April, 1920, the entire control and ownership of the school passed to the State of Pennsylvania.

Material Equipment

THE BUILDINGS

These have already been quite fully described. They all are built of stone and brick in the most substantial manner, and are heated by steam. The building used as the girls' residence is equipped with three large electric passenger elevators, running from the basement to the top floor, which makes the upper floors more desirable in some respects than the lower ones.

This entire building is heated by steam and lighted by electricity. Every floor is supplied with an abundance of hot and cold water, and the bath-rooms, lavatories, and water-closets are of the most approved patterns.

On account of our method of lighting and heating, the possibility of a fire is small, while danger from it is reduced to a minimum by ample arrangements for extinguishment, and by fire-escapes abundantly provided for each floor.

The night watchmen have their headquarters in this building, and make the rounds of all the buildings on the campus hourly each night.

Each student's room is furnished with a bedstead, a bureau, a washstand with necessary china, two chairs, a study table, and a neat case of bookshelves. All rooms are carpeted and have plain shades at the windows. Most of the rooms are also furnished with single beds.

In brief, this immense building is planned and furnished throughout for the convenience, safety, and success of its occupants.

A bubbler, gift of the Class of 1901, is installed on each floor of the Dormitory.

THE LABORATORIES

for physics, chemistry and biology are located on the first floor of Leonard Hall. Few, if any, normal schools in this country are better equipped for science work than is Indiana. These laboratories are supplied with every necessary instrument and equipment for individual study.

THE LIBRARY

A good reference library is accessible every day to all students. Here are found the leading encyclopedias, dictionaries, and other standard reference books, historical charts, maps, and other conveniences so essential to successful student life. There is also a large library of choice works of history, biography and literature free to all students. The purpose is primarily to raise the standard of reading, and to increase love for and knowledge of the valuable works of the ages. It is not the aim to mass books merely for the sake of making a large library; but we do aim to have every usable book and periodical.

The additions to the library during the year will aggregate about five hundred volumes.

We aim to give a brief course to each student on the use of a library.

STATE NORMAL SCHOOL, INDIANA, PENNSYLVANIA

In connection with the library is a reading-room, supplied with newspapers and periodicals as follows:

AMERICAN BOY	MUSIC QUARTERLY
AMERICAN COOKERY	NATION
AMERICAN EDUCATION	NATIONAL GEOGRAPHIC MAGAZINE
AMERICAN MAGAZINE	NORMAL INSTRUCTOR AND PRIMARY PLANS

THE INFIRMARY

is pleasantly located in a retired portion of the south wing of John Sutton Hall. This infirmary, by every physician who has ever seen it, has been pronounced to be one of the finest and best in the state. It contains three tiled bath-rooms, a dispensary, a kitchen and dining-room, nurses' private quarters, ample closets, ward for girls, private room for girls, ward for boys, and private room for boys. The west end is fitted for boys, the east end for girls. These two apartments are separate and distinct, being divided by a hall.

Every sanitary precaution is here taken, and every necessary arrangement is provided for the intelligent care of the sick. A graduate nurse is always in charge. Many a serious illness has been averted by early caring for the student in this Infirmary. The excellent health of our girls is proverbial, and the Infirmary is responsible in no small degree for it. A charge of fifty cents a day is made for care in the Infirmary, after the third day, but no charge is made for dispensary service. In case the illness is such as to require the care of a physician or special nursing, the student pays that cost, and the cost of filling the physician's prescriptions. At some distance from the main buildings and off the campus, the institution maintains a small hospital in which cases are confined if there is cause to suspect contagion. Students who, because of suffering from a contagious disease, have to be removed to the school hospital, have to pay ten dollars a week while in the hospital to the nurse and fifty cents per day to the school, and no deduction is made from the regular term payments.

In short, every precaution is taken to protect the health of the Indiana student; and during more than forty years but three deaths have occurred in the Institution, and it has never suffered from an epidemic, notwithstanding the thousands who have been under its care. Students who, because of severe or prolonged illness, have to be transferred to a private hospital, have to pay the expense incurred at such institution and the cost of the transfer.

BOARDING

All who visit the Institution are delighted with its beautiful, spacious dining-room, and its immaculately clean kitchen, fitted up with every modern appliance of worth. The kitchen is presided over by an expert chef. There are four assistant cooks. The great bake-ovens are in the basement. We bake all our bread (white, Vienna, Graham, whole wheat, corn-bread and biscuits), pies and puddings. A professional baker has charge of the ovens.

All water served on our tables is filtered.

Each table seats from eight to twelve, and so far as possible is presided over by a teacher.

It is the aim of the school to provide good, substantial, wholesome food. While it is plain, it is always of the best quality to be found on our markets.

It is doubtful if there is another school in the country, whatever its character or charges, that provides a greater variety of, or more wholesome, food for its students than does Indiana. Our bills-of-fare vary with the seasons. Special meals are prepared for the sick in the Infirmary.

Students are not permitted to room and board with private families, or to room in private homes and take meals in the school, except on the order of the Principal. Such permission is granted only after investigation of each case.

LAUNDRY

The Institution owns a first-class laundry, and has it under the management of competent people. The price of board in this school includes free laundry to the extent of ten plain pieces a week, in addition to towels and napkins. In the basement of the girls' residence is a place to do washing and ironing, for the use of girls only, and many of them attend to the laundering of their own handkerchiefs and other small pieces. All articles sent to the laundry must be plainly marked with the name of the owner in some indelible form, and should be in a laundry bag.

ELECTRIC IRONS FOR PRESSING CLOTHES

Electric irons for pressing dresses are installed on three floors of John Sutton Hall.

All water used in our laundry is filtered, in order to eliminate any possibility of spreading infectious diseases.

OUTFIT AND ROOMS

Outfit: Students are expected to provide themselves with towels, table napkins, soap and other needful toilet articles, as well as curtains for room windows.

Bed linen and counterpanes will be furnished. All blankets and comforts must be furnished by the student.

Rooms: Students in actual attendance at the close of one semester are entitled to preference in the choice of rooms for the next semester. But room will not be reserved for a girl when in attendance at the school, unless she makes a deposit of ten dollars with the school. If the student making deposit returns at the opening of the next semester and claims her room, the deposit of ten dollars will be deducted from the regular payment then to be made; otherwise, the deposit is forfeited to the school. All other students are entitled to choice of rooms in the order of the receipt of their applications and room reservation fee of ten dollars.

If application for refund of reservation fee is made prior to August 1st, the entire amount will be refunded. If application is made between August 1st and 15th, one-half the amount will be refunded. After August 15th, absolutely no refund will be made.

No rooms, selected by or for students, will be held for them beyond the first day of the term, except upon special agreement to that effect, and charge will in all cases be made for rooms thus held.

Each room is intended to accommodate two boarders, and the scale of prices given in this catalog is arranged accordingly. Students may not room alone, except with the permission of the school authorities.

When the rooms in the school buildings are filled, the school rents rooms from families in town. Students occupying rooms at homes thus provided, pay the regular rates for board, room and laundry to the school, board in the school's dining room and have their laundry done in the school's laundry, and are under the same regulations as regards hours of study, receiving callers, attending social affairs, etc., as are students in the school's dormitories. Such students also have all student privileges. This cooperative plan has been found more satisfactory than for students to rent rooms for themselves.

LOCATION

The Institution is fortunate in its location, the site being one of great natural beauty, while the surrounding town is characteristically beautiful, and has developed those moral influences so desirable in the seat of an institution

of learning. The town has a population of more than 8,000 and maintains churches of the following denominations: Methodist Episcopal, Free Methodist, Episcopal, Presbyterian, United Presbyterian, Catholic, Lutheran, Baptist, Wesleyan Methodist, German Lutheran and Christian.

Growth and improvement have especially marked Indiana in the past few years, and bid fair to continue. Many blocks of excellent paving have been laid, and contracts for many more have been let.

The place is reached by rail without difficulty, being the northern terminus of the "Indiana Branch" of the Pennsylvania, the change from the main line being made at Torrance, where the Indiana train awaits the main line train. The Indiana Branch connects at Blairsville with the West Penn. Division. Indiana is also on the Buffalo, Rochester and Pittsburgh, which gives connections with all northern points. The Institution is within ten minutes walk of either depot. The Pennsylvania stops all its trains at the "Campus Landing" on the first day of each term. Both the railways put on extra coaches at the opening of each term in order to accommodate all, if possible, with seats.

Telephone connection can be made from the main building with all leading points.

Our campus, comprising twenty-three acres, has its natural beauty greatly enhanced by the constant care of a landscape gardener. It is the belief of the Institution's authorities that such surroundings are a potent factor in the upbuilding of the student's character.

Student Life at Indiana

FUNCTION OF THE STATE NORMAL SCHOOL

Pennsylvania, in common with most of the American states, realized practically from its founding the necessity of an educated citizenship. This attitude of the state toward the instruction of its people makes it the one competent agency in supplying qualified teachers for its schools. This the State of Pennsylvania does through its State Normal Schools, whose function is the preparation of teachers for the public schools of the state. The learning and training imparted by the state through its Normal Schools has not for its purpose the bettering of the condition of one class of persons at the public expense; the school does not exist for the benefit of its students simply, but for the benefit of the whole people, and its work is done with the general welfare always in view.

DISCIPLINE

All questions of internal organization in a school must be determined by the fundamental conception of the function of the school. In determining the nature and character of discipline in a normal school, the function of the institution makes it necessary that it be but slightly, if at all, reformatory in its nature. The general welfare of the state would not be promoted by licensing one of evil tendencies or certain shortcomings to teach in the schools of the commonwealth.

It is, therefore, the policy of the administrative authorities to ask any student who does not conduct herself or himself in all things as becomes the lady or gentleman, or who is found not to be adapted to the life and work of the school for other reasons, to withdraw from the Institution.

In the government of the school, the largest liberty consistent with good work and order is allowed. The disciplinary power of the Institution is brought to bear upon the student, only to lead him to such self-government as will make him capable in the future of wisely governing others who shall become his pupils.

It is the desire and aim of the Faculty to make the government in the school ethical in its basis.

RELIGIOUS INFLUENCES

This school is not denominational in any sense. Its authorities, however, aim to make it a place of positive Christian influence. To this end, family worship is held daily; students are required to attend the church of their own choice on Sunday mornings.

The Y. M. C. A. and the Y. W. C. A. aid in the religious culture of all whose homes are in the Institution. These associations have charge of the Thursday evening prayer-meetings. Endeavor is made to promote Sabbath observance.

Students are thus encouraged to become Christian workers, and school life is made to minister to the elevation of Christian life.

Beside these associations, there are various others of a practical type and in a highly prosperous condition.

The denominations that maintain churches in Indiana have already been mentioned.

There is a Vesper Service each Sunday evening which all boarding students attend.

THE LECTURE COURSE

The Institution maintains an excellent free lecture course for its student body. On this course is always to be found the best obtainable talent. During the past season our students had the privilege of hearing in the Chapel, among others: Dr. Rice, Dr. Ward, Dr. Losey, Dr. Cadman, Dr. Wallis and the Elizabethan Players.

ARTISTS' RECITAL COURSE

In addition to the Lecture Course, there was given at the Normal School in 1924-1925, among others, the following:

LAMBEET MURPHY, TENOR.
NEW YORK STRING QUARTETTE.
L'OMBRA.
AND
ROSZI VARADY, CELLIST

The course will probably be continued year after year. It affords an unusual opportunity for the students of the Normal School to hear the best musical artists of the country.

There are frequent Artist Recitals by members of the Faculty of the Conservatory of Music.

SOCIAL LIFE

The residences of the young ladies and of the young gentlemen who attend this Institution are entirely separate. All use the same dining-room, however, which adds greatly to the social and cultural life of the school. All social events in which the sexes mingle are under direct charge of a faculty committee.

GRADUATION

In order to be graduated from any Pennsylvania State Normal, the candidate must have passed satisfactory examinations under the Faculty in all the branches required in each year of the chosen curriculum, and in student teaching. The candidate must also have spent at least two years as a student in the school, unless a graduate of an accredited college, of whom one year's residence is required, or a teacher in service in Pennsylvania prior to July 1, 1922, in which case residence during a half year only may be required.

CERTIFICATE AND DIPLOMA

The State Normal Certificate is issued to those who are graduated. It entitles the holder to teach in the public schools of the state for two years without further examination. The State Normal Diploma is a license for life to teach in this state, and is issued to graduates who have taught in the common schools of the state for two full annual school terms of not less than eight months each after graduation, and who present certificates of successful teaching from each of the school boards, countersigned by the county, city or borough superintendent. The school will furnish graduates blanks for these certificates when they ask for them. A charge of fifty cents is made to cover the expense of issuing the diploma, and an additional charge of one dollar is made if the name of the graduate is engrossed thereon. Those who want their diplomas sent to them by mail must send twenty-five cents to pay for registration.

Student Organizations

LITERARY SOCIETIES

There are two literary societies—the Erodelpheian and the Huyghenian. These organizations meet in the Chapel every Monday night—each society presenting a program on alternate Monday nights for the entertainment of the other society. In this way a spirit of wholesome rivalry and intelligent competition is kept alive. The programs consist of readings, speech making on current affairs, discussions, playlets, pantomimes and music.

Each organization presents annually a full evening play. All Juniors and Seniors must belong to one of the two societies.

The special and business meetings are held in the well-furnished halls set apart for these two social and literary interests.

FRATERNITIES

PHI ALPHA

The Iota Chapter of the Phi Alpha Fraternity was organized February 29, 1908. The purpose of the Fraternity is to promote the general welfare of its members. It is also the purpose of the Fraternity to develop and maintain high athletic standing. The Fraternity is well represented in all athletics. Good moral and scholastic standing in the school is required for membership.

OMEGA CHI

The Beta Chapter of the Omega Chi Fraternity was installed here in May 1909. The organization has grown steadily in strength and influence, and is proud to number among its members some of the ablest boys in the school. It is heartily in favor of clean athletics, and as most of the boys are in some of the teams, it exerts its influence in that direction. At present it has some twelve active members in school.

SORORITIES

At the request of the Sororities, the authorities of the school discontinued them at the close of June, 1919. A system of student clubs takes their place.

CAP AND GOWN

The regulation cap and gown, sanctioned by the Interecollegiate Bureau and Registry of Academic Costume, are worn by Seniors of this Institution, upon the proper occasions.

The cost of the cap and gown ranges from \$6.50 up.

The rental for cap and gown is \$2.50.

ALUMNI ASSOCIATION

Indiana has graduated more than five thousand teachers, and they constitute a loyal and enthusiastic band of supporters for their Alma Mater. The Alumni Association has been a useful factor, indeed, in the upbuilding of the school. Its services have been numerous and varied, and it is hoped that its influence may be made even more potent. No school can accomplish great things without the aid of a loyal and enthusiastic alumni. It is the excellence of the work of Indiana's alumni that gives reputation to the school.

The Association holds an annual reunion at Commencement time, including a business meeting and a banquet.

THE LYRIC CLUB

The Lyric Club is a vocal musical organization for women students only. The best part-songs are presented from time to time.

GIRLS' VESTED CHOIR

This organization furnishes music for the Sunday evening Vesper Services.

ORCHESTRA AND BAND

The school maintains an Orchestra of about thirty pieces and a band of over fifty pieces.

Athletics

The Institution's reputation in athletics is so well-known that comment is scarcely necessary here. Clean, wholesome athletic rivalry has a valuable place in life and, therefore, in the preparation of teachers.

Suggestions to Entering Students

YOUR PART

The Indiana Normal School maintains a high standard of excellence both as to scholarship and as to attainment of skill in teaching. This high standard is possible only by the work of the students. The reputation and the standards depend upon the students and alumni. Students who enter the Indiana Normal School should understand that opportunity entails responsibility.

PRELIMINARY

The prospective student should send for an Admission Blank. This blank should be properly filled out and returned with the "Room Reservation Fee" of ten dollars. Rooms are assigned in the order in which applications are received.

Check your baggage to Indiana, Pa. On the Pennsylvania trains on the opening day in September and also on the opening day of the Summer School in June, there will be a representative of the school who will collect baggage checks so that incoming students will not be bothered about their baggage. Students arriving at other times or on other roads should take their baggage checks directly to the Supply Room.

The trunks are delivered in the basement of John Sutton Hall. Students identify their trunks and place their room number thereon. Porters deliver the trunks directly to the student's room. Students living outside of the building mark their trunks with the street address and the school's dray delivers them.

Come on the opening day. On that day the entire faculty is engaged in caring for and making programs for students. *Fall time students who register after the first day pay one dollar extra for late registration.* The time between terms is very short for getting the dormitories again in readiness for students. For this reason the residence halls are not open until the opening day.

ON ARRIVING AT INDIANA

All Pennsylvania trains stop at the campus on the opening day. The school is about a ten minutes walk southwest of the Pennsylvania station and the Interurban station and about the same distance southeast of the B. R. & P. station.

Arriving at the building the student should: --

1. Enroll in the Library.
2. Get your room assignment and key--from the Dean of Women (Recreation Hall) or Dean of Men (Room 7-S, Leonard Hall).
3. Have your program made in Leonard Hall.
4. Get the needed books in the Supply Room.

THOROUGH WORK

It often happens that an ambitious young man or woman, limited in means and desirous of commencing life's active labors as soon as possible, determines to try to do two years' work in one, or that of three in two.

Such a course is scarcely ever advisable. One essential element in the teacher's preparation is time. Solid attainment is never a mushroom growth. Two Year's work demands two years in which to do it well; and unless work is well done, the result will prove a source of regret through many years of mistakes which might have been avoided had more thorough preparation been made. If you need more than a year for your work, and have only the means at command for one year's expenses at school, come for the year, and then, by remaining out of school for a time, make it possible to return and complete your course. It is not an absolute necessity that you graduate at a certain time; it is absolutely essential to your true success that you make thorough preparation. For these reasons, Indiana definitely limits the amount of extra work which any student may carry to three semester hours.

VISITS

Success demands concentration of thought. This is prevented by frequent visits at home or elsewhere, and usually time thus spent greatly hinders the progress of the student. Make few, if any, visits away from school. Parents of students at Indiana are requested to think this matter through. Not the child's desire, but what is best for him or her, should control the decisions of parents.

ELECTRICAL AND HEATING APPLIANCES

Students are not permitted to use or to have alcohol lamps or stoves, electric irons or heaters or cookers, or any preparation for producing fire or heat in their rooms. The school provides facilities for pressing clothes, and a "Candy Kitchen" for whatever cooking is necessary for "spreads."

THE RIGHT ATTITUDE

It is the school's interest and purpose to serve you, but this it can do but poorly unless you conform to the life of the Institution. Make up your mind to get all the good out of the school you can. Come with the purpose of being happy in your work, of getting acquainted and entering heartily and cheerfully into the complete life of the school, making it all yours.

AN OUT-DOOR CLASS

STATEMENT OF EXPENSE

	First Semester	Second Semester	Summer School 9 weeks
Total charge for board, heat, light and laundry for boarders preparing to teach	\$126.00	\$126.00	\$63.00
Semester Fee	10.00	10.00	10.00
Tuition for students preparing to teach	Free	Free	Free
Extras Elocution—one lesson per week (private), half hour	18.00	18.00	9.00
Music—(piano, violin, organ)	27.00	27.00	10.50
Voice	36.00	36.00	18.00
Late Registration	1.00	1.00	1.00

NOTE

Boarding students who take the Home Economics Curriculum (see page 66) have to pay an extra tuition fee of \$80.00 per year to cover cost of material.

Students taking the Teachers' Art Curriculum pay \$20.00 extra tuition, per semester.

Students taking the Supervisors' Music Curriculum pay \$60.00 extra tuition, per semester, and also piano, or organ rental.

Students taking the Teachers' Commercial Curriculum pay \$2.00 per semester for use of the machines.

See pp. 57, 63, 71, for expenses of curricula in Music, Art and Commercial subjects.

Board, room, and laundry is calculated at \$7.00 per week, payable by the semester in advance. For less than a semester, the rate is \$7.50 per week.

For charges during illness, see page 35.

BOOKS

The cost of books is an item of expense that cannot be determined because a student can take a longer or shorter program as he may elect, and because he may own part of the books that he will need; but it has been found, by long experience, that the average rental for books amounts to about \$3.00 per semester.

VACATION CHARGES

Students remaining at the school during the Thanksgiving, Christmas or Easter Recesses will be charged the transient rate for board, \$1.70 per day. For lunch only, taken at the school, the charge is \$2.45 per week.

EXTRA ROOM CHARGES

There are rooms on the first and second floors of John Sutton Hall for which a special price is charged. There are also, in various parts of the building, a few suites for which an extra charge is made. In the South Annex an extra charge of one dollar a week for each occupant is made. These

rooms come **en suite**, each occupant has her own bed and wardrobe, and the bedrooms are supplied with lavatories furnishing both hot and cold water. In the North Annex an extra charge of seventy-five cents a week for rooms without running water and one dollar a week for rooms with water is made for each occupant. Girls occupying rooms for which no extra charge is made will pay fifteen cents extra per week if single beds are provided, to meet the extra expense of laundry for bed linen.

At the opening of the year all necessary electric lamps will be furnished free, after which the students will pay for extra lamps.

AMOUNT AND TIME OF PAYMENTS

First Semester

At beginning of the First Semester—

Each student will pay a semester fee of.....	\$10.00
All boarding students will pay	126.00

At middle of semester, all bills for extra room rent, music, home economics, and extra charges for any courses outside the regular normal courses, etc., are due from all students.

Toward the close of the semester, the book room bills are payable.

Second Semester

At beginning of the Second Semester—

Each student will pay a semester fee of.....	\$10.00
All boarding students will pay	126.00

At middle of semester, bills covering the same items as for the middle of the first semester fall due.

Summer School

At beginning of the Summer School—

Each student will pay a semester fee of.....	\$10.00
All boarding students will pay	63.00

HOW TO PAY BILLS

Bank Drafts, Checks, Express and P. O. Orders are accepted. Payments must be made, or satisfactorily provided for, before students are assigned to classes.

Students will not be permitted to enroll for the second semester, or any later semester, until all bills previously incurred have been paid, nor will credit be certified to other institutions or to the Department of Public Instruction until all accounts due have been paid.

Students desiring to leave school before the close of a semester must report to the Principal and settle all unpaid accounts.

Visitors expecting to remain more than three days are requested to make arrangements in advance with the Principal.

Meal tickets for visitors can be obtained in the Book Room or from the Steward's Office.

All bills are payable to the Principal, and all checks should be made payable to John A. H. Keith, Principal.

DEDUCTIONS AND REFUNDS**(Read Carefully)**

No deduction is made for absence the first two or the last two weeks of a semester, or for less than two weeks, for any cause whatever.

For absence two consecutive weeks or more on account of the student's personal illness, fifty per cent of the paid-in charges for the time lost is refunded, provided the student's physician in attendance certifies that the illness was of such a character as to render the student unable to attend school. A proper blank for this certificate will be furnished by the school. A similar adjustment will be made in case of a family emergency.

When a student drops out of a strong and popular school, he vacates a place that might have been occupied by another, who would have remained through the semester. The school's expenses for light, heat, etc., are not lessened by the student's dropping out. The teachers who could teach him still remain and draw their salaries. Food for a large school cannot be bought daily on the markets of a small town; consequently, the authorities, calculating on a full school, must contract for food in advance for a semester, and sometimes for a year. For these reasons some of the best conducted schools will make no refunds for any cause, but insist upon a full year's payment in advance, against which no claims will be recognized. Indiana, however, as indicated above, will share the loss with the parent or guardian where the absence is caused by the student's sickness or a real emergency in the student's family. May 31st is the close of the school's fiscal year. After the State Audit is made, usually in July, no refunds for any reason or purpose whatsoever are made.

In cases of light illness, a student will be cared for in our Infirmary at an extra charge of fifty cents per day after the third day. No charge is made for dispensary service. If the attendance of a physician is needed, the student must meet his charge. In case of serious illness, it will be necessary for the student to be removed either to her home or to a private hospital, in which case the student must meet the charges.

The school maintains a small hospital to which persons suffering from contagious diseases are removed. Students occupying this hospital are charged ten dollars a week for general care, not including that of a physician or trained nurse, and fifty cents a day for the expense which the school itself must make to provide meals. No deduction from the regular charges of the Institution is made for such students because of time lost from their classes.

GUESTS

Students and teachers are responsible for their guests. All visitors staying over night in the building must be registered with the Dean of Women or Dean of Men. The building is closed to guests at eleven P. M.

PART III

Curricula Offered at Indiana:

FOR THE PREPARATION OF TEACHERS
FOR THE REGULAR TEACHING POSI-
TIONS IN THE PUBLIC SCHOOL
SERVICE.

THE MUSIC CURRICULUM
THE HOME ECONOMICS CURRICULUM
THE NORMAL ART CURRICULUM
THE COMMERCIAL TEACHERS' TRAIN-
ING CURRICULUM
THE SUMMER SCHOOL
EXTENSION SERVICE

(Part IV begins on Page 74)

Curricula of the Pennsylvania State Normal Schools for the Preparation of Teachers for the Public Schools

REQUIREMENTS FOR ADMISSION

Revised March, 1925

1. The State Normal Schools shall admit to the first year's class all graduates of four-year high schools who present:

- (a) At least fifteen Carnegie units or
- (b) Who present not fewer than twelve Carnegie units completed in the tenth, eleventh and twelfth grades.

A unit shall consist of not less than one hundred twenty hours of work. Subjects not requiring out-of-class preparation or study shall require double time in estimating the units. (Until September 1, 1927, high school work completed prior to July 1, 1924, will be accepted on the ninety-six hour basis.)

The units required for admission must be distributed as follows:

English	3 units
Mathematics	1 unit
Science	1 unit
Social Studies	2 units
Elective	8 units

Total 15 units

Social studies include history, civics, economics, Sociology, problems of democracy, etc.

2. Graduates of two-year high schools shall be given not more than eight Carnegie units of credit and graduates of three-year high schools not more than twelve Carnegie units of credit toward the Standard admission requirements, provided, however, that such students may take examination in subjects other than those credited by the State Normal Schools, prescribed by the Pre-Professional Bureau of the State Department of Public Instruction and will be credited with such additional credits as this Bureau may assign as a result of such examinations.

3. Students who are admitted to the secondary departments of the State Normal Schools shall have their credits evaluated in terms of Carnegie units by the State Normal School which they attend.

4. Credentials of all students entering the State Normal Schools shall be received and evaluated by the Normal Schools, subject to inspection by the State Department of Public Instruction.

5. Until September, 1927, the holders of permanent and professional certificates will be given one credit toward admission as regular students in the Normal Schools for each subject of high school grade written on the certificate.

6. Credit will be given for equivalent courses in approved teacher training institutions, but no student may obtain a Normal School certificate without a minimum residence of one year. Teachers who are granted credit

for experience may finish with a minimum residence of one-half year including the Summer School of 1927.

Indiana has discontinued its Secondary Department. For the benefit of teachers in service who need additional high school units, Indiana will offer secondary courses in its Summer Sessions through 1927 *only*.

NORMAL SCHOOL CERTIFICATE FOR TEACHERS IN SERVICE

The Board of Normal School Principals have adopted the following regulations and the same have been approved by the State Council of Education.

The following conditions apply only to those persons who have taught in Pennsylvania public schools and to teaching experience gained prior to July 1, 1922.

1. The fifteen units of high school work required for entrance to the State Normal Schools may be earned in approved high schools, summer schools, extension classes, correspondence study, and tutoring under approved conditions.

Credits for entrance may also be secured by teaching experience in Pennsylvania public schools at the rate of three standard high school units for each year of successful teaching.

2. Whenever a teacher has earned the credits necessary for entrance to a State Normal School in any of the above ways or by combination of them, four semester hours of credit on a regular State Normal School curriculum may be granted for each year of teaching experience in Pennsylvania with a rating of "middle or better" (on the State Teacher's Rating Score Card) subsequent to meeting the entrance conditions up to a maximum of thirty-two semester hours, provided, however, that all credits thus given shall be conditional until the teacher shall have proved his ability to do the work of the State Normal School curriculum in a creditable manner.

3. In all cases in which Normal School credit is given for teaching experience, the work remaining to be done shall be selected by the authorities of the Normal School to secure the best development of the student in teaching power.

4. A minimum of one-half year of resident study shall be required of all candidates for graduation who are credited for teaching experience as outlined above.

5. Entrance and Normal School credits based on teaching experience as outlined above will not be granted after September 1, 1927.

To facilitate the evaluation of credits for teachers in service, the Indiana State Normal School will collect, with the cooperation of those teachers who seek its certificate, all necessary data. Those who desire to avail themselves should correspond directly with the Principal of the School and should indicate which of the following blanks they need for their particular cases:

- A. High School Credit blank.
- B. Teacher's Rating Score Card.
- C. Approved Training Certificate.

These blanks will be sent out on application to any teacher now in service in the public schools of the Commonwealth. When properly filled out, they should be returned to the Indiana State Normal School. These blanks and the statement of the credit allowed will be kept in the office of the School as a part of the student's permanent record, and the student will be informed of his exact status.

THE FOUR CURRICULA

GROUP I—Kindergarten-Primary—for teachers of Kindergarten and Grades 1, 2 and 3—2 years in length.

GROUP II—Intermediate Grades— for teachers of Grades 4, 5 and 6— 2 years in length.

GROUP III— Grammar Grades and Junior High School— for teachers of Grades 7, 8 and 9— 3 years in length.

GROUP IV—Rural— for teachers of rural schools— 2 years in length.

STUDENTS MUST SELECT ONE OF FOUR CURRICULA

The four curricula that are offered to students have been organized upon the principle that teaching in the elementary schools can be classified into sufficiently definite types to require specialization. Each curriculum prepares for a specific type of teaching position.

The work of the first semester is the same for all students. A large purpose of the work of the first semester is to acquaint students with the requirements for successful teaching in the different grades so that they may be able to decide intelligently in what grade or grades they prefer to teach. The course entitled "Introduction to Teaching" which includes observation and participation in the training school is especially designed to aid students in a wise selection of a curriculum.

At the end of the first semester students are asked to select one of the four curricula for the purpose of specializing in a specific field of teaching. The work of each curriculum must be completed in its entirety. Students may be granted the privilege of changing from one curriculum to another only on condition that the prescribed courses of any curriculum so selected must be completed before a certificate of graduation is granted.

ELECTIVES

All electives are taught from the professional point of view and are of college grade of work.

All electives are chosen with special reference to the group in which the teacher is preparing to teach and with the approval of the principal of the school.

Normal School Course of Study

ADOPTED BY BOARD OF NORMAL SCHOOL PRINCIPALS MAY 10,
1921 AND REVISED APRIL 28, 1922

Group I (Kindergarten and Grades 1, 2, 3)

FIRST SEMESTER

	Periods Per Week	Semester Hours Credit
Introduction to Teaching	3	3
English Fundamentals	3	3
English Composition (1)	2	2
Oral Expression	2	2
Nature Study	2	2
School Hygiene and Nutrition	3	3
Art (1)	3	3
Music (1)	3	3
Physical Education (1)	3	1
	—	—
	24	22

*The Educative Story	2	2
	—	—
	23	20

THIRD SEMESTER

**Student Teaching, including School Efficiency and Conferences	15	15
The Teaching of Primary Subjects	3	3
Physical Education (3)	3	1
	—	—
	21	19

FOURTH SEMESTER

History and Principles of Education	3	3
Children's Literature and Story Telling	3	3
Educational Sociology	3	3
Art (3)	2	2
Music (3)	3	3
Physical Education (4)	3	1
Health and Hygiene in the Elementary School	3	3
Educational Measurements	2	2
	—	—
Total of 80 semester hours	22	20

*An elective of 5 semester hours is provided so that students desiring to emphasize the sub-primary field may have the opportunity to take Kinder-

garten Theory, Kindergarten Materials and Methods, and observe in the Kindergarten, as the different schools may arrange.

For those who elect to teach in primary grades, the electives are to be chosen, with reference to the needs of primary teachers, from the list of electives.

**Those who elect to teach in the sub-primary field should have the major portion of their student teaching in this field.

Group II (Grades 4, 5, 6)

FIRST SEMESTER

	Periods Per Week	Semester Hours Credit
Introduction to Teaching	3	3
English Fundamentals	3	3
English Composition (1)	2	2
Oral Expression	2	2
Nature Study	2	2
School Hygiene and Nutrition	3	3

Total of 82 semester hours—80 required for graduation.

The Department of Music

The Department of Music is organized to meet the various needs of the student body along musical lines. Its work is divided under four general heads, viz:

1. The teaching of the subject matter of Public School Music to the regular normal students.
2. The presentation of a three-year course for those desiring to become supervisors and special teachers of music in the public schools.
3. Private instruction in piano, organ, voice, violin, and all string and wind instruments of the symphonic orchestra and military band.
4. The organization and maintenance of educational recreational activities such as choral clubs, glee clubs, bands, orchestras, etc.

REQUIREMENTS FOR ADMISSION TO THE SUPERVISORS' CURRICULUM

1. A general academic education, consisting of a four-year high school course or its equivalent, including the ability to speak, write and spell the English language acceptably.
2. The possession of an acceptable singing voice and of a fairly quick sense of tone and rhythm.
3. Ability to sing at sight hymn and folk tunes with a fair degree of accuracy and facility.
4. *Ability to play the piano or some orchestral instrument, representing two years study.

*The student may enter with a condition in piano, provided the consent of the Director of Music is given.

GRADUATION REQUIREMENTS

Only those will be recommended for graduation who have the ability to play at sight piano accompaniments to song material found in standard school texts, also a sufficient knowledge of the child voice, adolescent voice, and adult voice to deal intelligently with the vocal problems found in the grades and in the high school, together with the ability to present such song material in an artistic manner; also ability on at least one band instrument, representing at least two years of study.

CREDENTIALS

Those who graduate receive a certificate to teach and supervise music in any public school in Pennsylvania for a period of three years. At the end of three years of successful teaching experience in Pennsylvania, the certificate is made permanent.

FEES FOR PRIVATE INSTRUCTION

The fee of \$60.00 per semester covers the cost of instruction in all courses outlined in the supervisors' curriculum with the exception of the classes in band instruments which are charged for at the rate of \$13.50 per semester.

RENTAL CHARGES

Piano Rental—One fifty-minute period per day, \$6.00 per semester.

Organ Rental—Two fifty-minute periods per week, \$6.00 per semester.

Two Manual Practice Organ—One fifty-minute period per day, \$10.00 per semester.

Wind instruments, with the exception of woodwinds, are rented to the student at the nominal sum of \$5.00 per semester.

NOTE—For statement of boarding expenses, etc., see pages .

CURRICULUM FOR SUPERVISORS OF MUSIC

This curriculum which requires graduation from a four-year high school, or its equivalent, for entrance, and which is three years in length, prepares specifically for the teaching and supervision of music in the elementary and secondary schools of the Commonwealth. Those who complete this curriculum receive, without examination, a special temporary State Certificate as Supervisors of Public School Music. After three years of successful teaching, the Permanent State Certificate in Music is awarded. The course is given by an adequate faculty of experienced teachers, each skilled in particular branches.

On account of the increasing demand in the public schools for Directors of Music who understand the instrumental as well as the vocal side of this work, all students will be required to study at least one band instrument for at least two years, in addition to the study of the piano and violin.

The Outline of the curriculum follows:

FIRST YEAR

FIRST SEMESTER

	Periods	Hours Credit
Elementary Theory	3	3
Sight Reading I	5	2½

	—	—
	23	22

The equivalent of two years of work on a wind instrument, in addition to the work outlined in piano and violin in the foregoing, is required of each student.

PRIVATE INSTRUCTION IN MUSIC FOR PERSONS NOT REGULARLY ENROLLED IN THE MUSIC SUPERVISORS' CURRICULUM

Many of the students who attend the Indiana State Normal School desire to begin or continue work in Voice, Piano, Organ, Band Instruments or Orchestral Instruments. For the accommodation of these students, opportunity is made for private instruction with well qualified teachers. These lessons are given at the following very reasonable rates:

Band and Orchestral instruments (excepting violin and 'cello) \$1.00 per half hour lesson.

Organ, Piano and Violin \$1.50 per half hour lesson.

Voice \$2.00 per half hour lesson.

Residents of Indiana and vicinity are privileged to take private instruction in music at the above rates. Such persons must pay the semester fee of \$10.00 at enrollment. This fee is then credited on their charge for music lessons. Boarding student privileges—attendance at lectures, concerts, athletic games, and the Saturday evening dances—are extended to those special students who take at least two music lessons per week.

No deduction will be made for lessons lost in music except in cases of protracted illness.

CLASS INSTRUCTION

Class instruction may be had on any band instrument. These lessons include one fifty-minute period per week in the special class for the instrument, together with two ensemble rehearsals per week with the military band. This work is given by an experienced band director and is productive of immediate results. The cost of the lessons is \$13.50 per semester or \$27.00 per year.

For further detailed information, address

Director Department of Music,
State Normal School,
Indiana, Pa.

The Commercial Teacher Training Department

The State Department of Public Instruction has designated Indiana Normal as the one in which the commercial teachers for the high schools of the State shall be trained. No other commercial courses of any kind are offered at Indiana Normal except the professional courses for commercial teachers. The curriculum is three years in length and those who complete the work as outlined are prepared either to supervise and teach any or all of the commercial subjects found in any of the high schools of the State.

ENTRANCE REQUIREMENTS

Applicants for entrance to the Commercial Teacher Training Department must be four-year high school graduates or the equivalent with at least fifteen units of credit. The following units are required for entrance: English, 3 units; Mathematics, 1 unit; Science, 1 unit; Social Studies, 2 units. The remaining units may be elected from any of the high school courses. Graduates from all high school curricula rank alike upon entrance to the Commercial Teacher Training Department. No previous commercial training is required. No entrance examinations are required if high school credits are submitted.

All applicants accepted for entrance to this department are accepted on trial only. If, after sufficient opportunity has been given to demonstrate ability and aptitudes along commercial lines, it seems advisable to retain the student, the enrollment is considered satisfactory. If the student shows no ability or aptitudes that would insure a success as a commercial teacher, the student is so advised. Graduates from the Commercial Teacher Training Department will eventually find their places in positions of much responsibility in the larger high schools. This would seem to suggest that only those who possess the ability, ambition, personality, and aptitudes requisite for success in such specialized and professional work should apply for entrance to this department. Ample opportunity is afforded, however, for latent ability to develop during the period of trial. It is very highly advisable that only those who rank above the middle of the class in high school, shall make application for entrance to this department. The rewards are great for those who have the ability to qualify.

EQUIPMENT

Adding and calculating machines, banking machines, multigraphs, mimeographs, mimescopes, addressographs, dictaphones, files and cabinets, and other up-to-date office equipment give the students a practical knowledge of the time savers and efficiency devices of modern business. Their uses are taught and mastered in this department. Our rooms are well equipped throughout with a full supply of all modern office machines, etc. Our students become very proficient in the manipulation of such machines before graduation.

PRACTICE DEPARTMENT

Our Business Practice Department is a complete business community in itself, and includes not only the procedure but also the actual atmosphere and environment of modern business. It is equipped for efficient and up-to-date work. Much practical business experience may be procured in our Practice Department.

THE CHAMBER OF COMMERCE

There is organized, in connection with the Commercial Teacher Training Department, a Chamber of Commerce. The work of this organization is similar

to that of any chamber of commerce as found in the cities and larger towns. Frequent opportunity is afforded for public discussion and debate on current popular topics applicable to the work. All of the officers of the Chamber of Commerce are elected from the members of the student body of the department. The work is supervised by a member of the Commercial Teacher Training Faculty. The organization is affiliated with local city organization.

THE STUDENT SENATE

A Student Senate is organized for the purpose of cooperating with the Director and teachers for the welfare of the Commercial Teacher Training Department in general and special cases in particular as they arise. The members of the Senate are chosen by ballot as representatives of the various classes in training. The Senate is the connecting link between the commercial faculty and the student body. Meetings are called at the discretion of the chairman—the Director of the Commercial Teacher Training Department.

PRIZES AND AWARDS

Numerous prizes and awards are offered students in this department in practically all of the subjects listed in the curriculum. These prizes and awards consist of gold medals, silver medals, certificates, etc. During the past year alone, over two hundred and fifty such awards were won by our students. The purpose of such awards is to give tangible evidence to the very definite premium we place on exceptional skill along all lines of our work, and to help to develop ambition, inspiration, encouragement and a desire to excel on the part of every student.

THE INTER-COUNTY CONTESTS

In order to help to equalize and standardize the commercial work among the various high schools of the State, an inter-county commercial contest organization has been effected. This is a very interesting annual event, and takes place at Indiana sometime in May. Each county so desiring may hold a preliminary contest in April, at which time representatives for the Final Contest are chosen. These contests create much beneficial friendly rivalry and help to arouse much interest and enthusiasm among the high schools. No better way has been devised to ascertain the commercial teachers who are getting results in such subjects. The events include practically all of the commercial subjects. Those interested should write for an outline of the plan.

PRACTICAL BUSINESS EXPERIENCE

A minimum of three months of supervised business experience or six months of unsupervised business experience, will be required as a part of the Commercial Teacher Training Curriculum. Such experience does not necessarily have to be procured during consecutive months. It may be procured previous to or during the course. The Department assists students in procuring suitable positions where this practical experience may be acquired. The purpose of this practical training is evident. Such experience will prove to be very valuable to young teachers when they face the problems of their respective communities where they shall teach. Credit for the required amount of such business experience can be acquired in our own business offices or elsewhere. Credit is given for all actual business experience previously procured and also for that acquired in our own Business Practice Department.

POST-GRADUATE CO-OPERATION

After graduates have gotten out into the actual teaching field, they are encouraged to keep in close touch with the business life of the communities in which they are teaching, in order that they may better formulate the policies of their respective departments and be of more direct service in their respective fields. The commercial problems of no two communities are identical.

It is the desire of our Department to train young teachers to sense the situation and govern themselves accordingly. It is also desired that a very close cooperation be experienced between graduates who are out teaching and the Commercial Teacher Training Department. In this way, greater success may be experienced by our graduates, and the actual, vital problems of the commercial teaching field and the commercial life of the State in general may be considered and discussed from a practical standpoint with and by the students still in training in the Department. It is our desire to make this Department a clearing house of commercial ideas for the commercial teachers of the State.

THE TEACHER PLACEMENT BUREAU

A very efficient Teacher Placement Bureau is conducted in connection with the Department for the purpose of obtaining suitable teaching positions for our graduates, and also for promoting the interests of those of our number who have been teaching for a year or more and who have made good records. No charge whatever is made for the services rendered by this Bureau. Our aim is to find good teachers for good schools and good schools for good teachers. Any student who has previously been enrolled in this Department is eligible for free membership in the Placement Bureau.

PRACTICAL TEACHING

Each student in training in our Department procures more than the State requirements in hours of actual practical teaching and observation. With this in view, a four-year High School of Commerce is conducted in connection with the Department. The classes in this School of Business are taught by the commercial teachers in training, and are supervised and criticised by regular teachers of the Commercial Faculty. Plans for the lessons are written up by each student teacher and are criticised by critic teachers. Everything is done to afford those in training as much actual teaching experience as possible before graduation. The arrangement of courses and methods of teaching in the High School of Commerce are good models for other commercial departments in the high schools of the State and are in complete agreement with the New State Syllabus.

ADVANCED STANDING

Any applicant contemplating making application for entrance to the Commercial Teacher Training Department, who has had the equivalent elsewhere in a recognized school of college grade of the work outlined in the First Year of our curriculum, may make application for advanced standing. Such application should be made as soon as convenient to the Director of the Department.

SUMMER SCHOOL

We conduct a complete summer school of commercial theory and methods for the benefit of those who have been teaching and who wish to become further certified and acquire additional ideas and methods. It is possible under certain circumstances for those who drop out before graduation to complete the work through summer sessions. The same credit is given for work done in either summer or winter sessions. Those interested in the summer school should write for the Summer School Bulletin.

CERTIFICATION

Upon completion of this curriculum, the Normal Certificate is awarded. Those who teach successfully for two years on the Normal Certificate are awarded the Normal Diploma which is good for life.

EXPENSES

All students in the Commercial Teacher Training Department will pay \$2.00 per semester for the use of machines. For other expenses, see page .

Commercial Teacher Training Curriculum

Following is a list of the courses we will accept toward graduation, if completed in an approved institution:

Number of credits required for graduation—120.

Each course listed is based on one semester of eighteen weeks.

Length of recitations—50 Minutes net.

FIRST SEMESTER

	Rec. per Week	Credits
Commercial Geography I (History of Commerce) ..	3	3
Elementary and Intermediate Bookkeeping Theory	5	5
Business Writing—Theory and Methods	6	3
Shorthand Theory	5	5
Typewriting Theory and Practice I	6	3
Physical Education I	3	1

Professional Readings—Supervised II	6	3

APPLICATION FOR ENROLLMENT

We accept only a definite, limited number of the best qualified high school graduates each year. When our quota is filled, we place the names of all additional qualified applicants on our "waiting list" and notify them in turn in case a vacancy occurs. Those who desire to make application for entering the Commercial Teacher Training Department should get their applications in early, in order to insure a reservation. An Application Blank will be furnished upon request. A special "Outline of Information" pertaining to the work of the Commercial Teacher Training Department will also be furnished upon request.

For more specific information concerning the work of the Commercial Teacher Training Department, write

G. G. HILL, Director
Commercial Teacher Training Department
STATE NORMAL SCHOOL
Indiana, Pa.

Department of Home Economics

The Home Economics Department offers a strong curriculum for the training of teachers of the household arts in the elementary schools and high school. No work other than that from a professional standpoint is offered, the curriculum being devoted exclusively to specific preparation for teaching.

Graduation from a four-year high school with at least fifteen units is required for admission.

Upon the completion of this course the Normal Certificate is issued which, after two years of successful teaching, becomes a Life Diploma.

DESCRIPTION OF SEPARATE COURSES IN THE CURRICULUM

Clothing I and II:

This course includes practice in the following: Care and use of sewing machines; making of fundamental stitches; use of commercial and drafted patterns; hand and machine sewing applied to undergarments and the making of a middy blouse; darning, patching and simple embroidery. Students provide their own materials subject to the approval of the instructor.

Cookery I-II:

This is a beginning course in cookery intended to acquaint the student with fundamental processes. The meal is the unit of work, and the lessons center about the planning, preparation, and serving of well chosen, attractive home meals.

Food Products:

A course designed to give the student a broad and exact knowledge of the production, manufacture, and distribution of food products together with an elementary knowledge of their nutritive value. Excursions, books of reference, government and state bulletins are freely used.

General and Household Chemistry:

This course presents the elementary facts and principles involved in chemical reactions with their application as far as possible in the fields of industrial and household arts. The more common and useful substances are studied and many of them are prepared in the laboratory.

Organic and Food Chemistry:

This course is a theoretical consideration of the composition, structure, and characteristic reactions of organic compounds of the aliphatic and aromatic series, and includes a study of the chemical nature and reactions of carbohydrates, fats, and proteins.

Prerequisite: General and Household Chemistry.

Art I and II

Composition I and II
English Fundamentals
Literature I
Health Education

} For descriptions of these courses see
} general descriptions of the same else-
} where in the catalog.

SECOND YEAR

Cookery III and IV:

This course falls into several rather distinct divisions—a detailed study of canning and preserving; practice in some of the more elaborate forms of cookery; more formal table service with a more extended study of costs and considerable practice in serving larger groups of people; a review of elementary cookery and practice in giving demonstrations.

Clothing III and IV:

These courses include principles of dressmaking applied to silk and woolen materials; the making of a tailored blouse, wool skirt and silk dress; study of machine attachments; subject matter on the care and repair of clothing; the clothing budget; the garment making industry.

Household Physics:

The purpose of this course is to teach the use and care of the electrical, mechanical, and heating equipment of modern homes and institutions. A knowledge of mechanics and heat is applied to the solution of concrete problems connected with cooking, heating, and ventilation in the home.

Microbiology:

This course includes a study of the fundamental principles and general laboratory technique. The bacteriological problems of personal and public hygiene and sanitation are included, and attention is given to bacteria in relation to milk, water analysis, disease-producing yeasts, molds, and bacteria in their relation to cooking, and canning.

Physiological Chemistry:

This course consists of a study of the chemistry of food and nutrition and presents the essential chemical facts pertaining to life processes. The chemical changes involved in the digestion and assimilation of each separate foodstuff are studied.

Prerequisite:

Organic and Food Chemistry.

Physiology, Hygiene and Sanitation:

This course deals with personal hygiene and sanitation, the maintenance of high standards of health for the student, and teacher, proper care and ventilation of school rooms, home and community hygiene.

Art III. See description of art courses.

Observation and Methods of Teaching Home Economics:

A professional course dealing with the problems of Home Economics in the Public Schools. The selection, purchase, cost and care of equipment, methods of teaching, presentation of lessons, relation of the special teacher to the community are some of the problems discussed. A portion of the work consists of the observation and discussion of demonstration lessons in Home Economics in the grades and high school.

Literature II and III

Introduction to Teaching

Psychology

Health Education

} See description of these elsewhere in
} catalog.

THIRD YEAR

Nutrition I:

An elementary course in human nutrition dealing with the fundamentals of dietetics for the individual and family. The professional aspect is constantly kept in the mind of the student. Methods of presenting the subject are discussed.

Nutrition II:

In this course the subject of nutrition is taken up from a more advanced and scientific standpoint. The protein, energy, mineral, and vitamin requirements are studied in detail, food values in relation to costs are emphasized, and the economic use of food from all standpoints is carefully considered.

Prerequisite: Physiological Chemistry.

Home Nursing:

The aim of this course is to give a practical knowledge of the care of the minor illnesses in the home which do not require professional care. What to do in the case of accidents and emergencies which may occur in the school room and elsewhere is taught. Both modern theory and practical work are given.

Chemistry of Textiles

This course includes a microscopic examination and identification of fibers and substitute materials, the chemical examination of fibers, the determination of the content of cloth, and the detection of adulteration.

Prerequisite: General and Household Chemistry.

Educational Sociology:

See description of course under Education Courses.

Home and Social Economics:

The object of this course is the development of practical ideals of living as related to the family group. The family organization is studied and traced through history from primitive times up to the present. The modern family, current social movements, and child welfare are studied systematically. Woman as a worker in the outside world, and the effect of her entrance into industry upon the family life are topics forming the basis of extended reading and class discussion.

Household Management:

A course applying scientific and economic principles to the problems of the modern housewife. Some of the topics discussed are—income, the budget and its apportionment, house decoration and appliances, cleaning, repairs, household service, apportionment of time, and home life.

Practice Home Residence. Practical work in a well furnished practice cottage gives students insight into the actual organization and administration of the home. Budget making and account keeping are based on this practical work. Guests are frequently entertained and the social life of the home is emphasized.

IV. PRACTICE TEACHING

Students are required to do a definite amount of practice teaching in Home Economics under supervision. This is closely correlated with the work in Observation and Methods of the previous year.

Clothing V (Millinery):

Principles of design are emphasized. The course includes pattern cutting for frames, coverings, trimmings and linings; making of wire and buckram frames from original designs and covering same.

Clothing VI:

Sewing for infants and children. A baby's complete layette is made. Fine sewing and handwork are emphasized in this course.

Experimental Cookery:

A course in laboratory study for advanced students to enable them to gain information for practical use in food preparation. A qualitative and quantitative study of recipes is made, of various methods used in the combination of food materials, and of cookery apparatus.

Large Quantity Cookery:

A study of the principles of quantity cookery as applied to institutions, tea rooms, catering, and the administration of school lunches is given. Opportunity for observation in the kitchens of the institution and for practice in the conduct of the lunch rooms of the training school and the public schools of the city is given.

EXPENSES

For the expenses of a student in the Home Economics Department, see page 45. All students in this Department pay \$40.00 per semester to cover expenses.

Normal Art Curriculum

The Normal Art Curriculum offered by the Indiana State Normal School is based on graduation from a four-year high school and covers a period of three years. It purposes to prepare teachers for direct teaching of drawing and art and for the supervision of drawing in graded and high schools.

Those completing the course will have a thorough training in the several branches of the Fine Arts, such as drawing from life, still life and casts, painting in several mediums, crayons and pen-and-ink sketching, which embraces a course in perspective and nature sketching and design, both conventional and commercial. The course also includes many of the Applied and Industrial Arts, giving practical work in weaving, construction work, clay modeling, basketry, textile decoration, jewelry, leather and metal work. A comprehensive course in Art History and Art Appreciation is required, including Painting, Sculpture and Architecture.

Public school methods in drawing, including blackboard work, are taught, and practical experience is gained in the Training Department of the Normal School during the senior year when each student is required to teach.

Graduates of the Normal Art Curriculum receive a teacher's certificate valid for three years. After three years of successful teaching, the certificate is made permanent.

EXPENSES

All students in the Normal Art Curriculum pay \$20.00 each semester as tuition. For other expenses see page 45.

For more detailed information than is given in the following pages, write to

JEAN R. McELHANEY
Director Art Department
Indiana, Pa.

The Summer School

The Summer School is an integral part of the year's work. Teachers in service will find the courses needed for the renewal of Partial Elementary Certificates and the securing of Standard Certificates offered on the Summer School program. Prospective teachers just graduated from high schools will find the courses needed to gain their first certificate. In increasing measure, students in regular attendance are availing themselves of the opportunities offered in the Summer School. The Summer School program includes every course of the regular curricula and many courses from the special curricula.

In 1924 Indiana enrolled at Indiana a total of 1299. The Summer School Bulletin is issued in February, and will be mailed to every student in attendance in the preceding summer, and also to every teacher in service in Indiana's immediate service area.

Extension Service

Indiana is endeavoring to do its part in the preparation of teachers in service by offering extension work. Extension classes, with teachers regularly employed as members of the Indiana Faculty, will be offered whenever fifteen or more experienced teachers desire a given course.

An Extension Bulletin is available to all who apply to

ELLSWORTH LOWRY
Director of Extension,
Indiana, Pa.

Klingensmith, Dorothy	Vinton, Harold
Kunkle, Nioma	Wegley, Helen
LeVine, Myra	White, Howard
Lingenfelter, Anna	Whitmyre, George
Martin, Emil	Williams, Harold
Miller, Ruth	

FIFTH GRADE

Anderson, Frank	McElhoes, Erma
Baird, Donald	Martin, Dan
Bartley, Katherine	Musser, Betty
Brown, Martha	Park, Mary Amanda
Buchheit, Helen	Pealor, Ruth
Buterbaugh, Gaynelle	Penezic, Annie
Buterbaugh, Clarence	Penezic, Frank
Cervanak, Ethel	Pollock, Carolyn
Chew, Elwin Fayette	Pound, Mary Kathryn
Deyarmin, William	Rowley, Leroy
Dickie, Jewel	Smith, Sara Elizabeth
Fry, Estella	Snyder, Alton
Grabish, Annie	Sprankle, Robert
Harrison, Mary Dolores	Sprankle, Royden
Hassinger, David	Stewart, Eleanor
Howe, Lillian	Stewart, John
Jack, Jimmie	Stewart, Virginia
Krape, Perry	Walker, Mary Agnes
McAfoose, Dale	Weeks, Charles

FOURTH GRADE

Boyer, Helen	Luckhart, Eliabeth
Buchheit, Calvin	Mack, David
Buchheit, Harold	McAfoos, Evelyn
Cunningham, Ruth	McClure, Chandler
George, Arlene	McClure, Nancy
Grabish, Mary	McNaughton, Jack
Graydon, La Rue	Miller, Perne
Hileman, Lucille	Offutt, Anna Jean
Horton, Katherine	Pennizic, Katie
Kanable, Guy	Pilgrim, Vera
Kelly, Genevieve	Pizzica, Inez
Kerr, Donald	Powers, Virginia
Lloyd, Virginia	Rigg, Caroline Jane

Riggi, Evelyn
Rizzola, Armeta
Ross, Grace
Ross, Lena
Rudish, Annie
Rudish, Samuel
Saba, Joseph

Schwab, Frances
Snyder, Quay
Taylor, Vernon
Vinton, Ralph
Whiteman, Mary Louise
Whitmyre, Katherine
Williams, Ruth

PRIMARY DEPARTMENT

THIRD GRADE

Anderson, Virginia
Baird, Harriet
Brandon, Boyd
Buterbaugh, Dorothy
Conrath, Brady
Coulter, Helen
Covill, Arthur
Carnahan, Charles
Ellis, Thomas
Elkin, Elizabeth
Fritchman, Margaret
Gillespie, Jane
Glasser, John
Harrison, Mildred
Hauxhurst, Malcolm
Heister, Huber
Hetrick, Helen
Hess, James
Howe, Mildred

Kelley, Ralph
Klingensmith, Priscilla
Laddish, Helen
Langham, James
Lydic, Frances
Lyke, Jane
LaMantia, Rose
Neal, Harry Jr.
Oswalt, Mary Ann
Patton, Sara Elizabeth
Prothero, Margaret
Reed, Paul Jr.
Rowley, Walter
Steele, Jack
Taggart, Dorothy
Trainer, Mabel
Winger, Sara Elizabeth
Nichols, Arthur

SECOND GRADE

Bennett, James
Bond, Ruthodel
Buterbaugh, Erma
Buel, Charles
Cheitel, Frances
Clements, Richard
Cox, Ruth Mabel
DeSantis, Delores
Elder, Mary Dorothy
Harper, Delores
Heyman, Sylvia
Jones, Mary Alice
Kanable, Betty Mae
Kerr, Glen
Krape, John
LaMantia, Rose
Lyke, Samuel
Maggs, Earl

Marsh, Stewart
Prothero, Barbara
Rigg, Billy
Rook, Betty
Ross, Thelma
Rudd, Ellsworth
Scott, Lucille
Simpson, Jane
Snyder, Paul
Sutton, Jack
St. Clair, Ada
Thompson, Jane Ellen
Trainer, Helen
Vinton, Martha
Walker, Jack
Waugaman, Lois
Wells, Sheldon

FIRST GRADE

Bennett, Bobby
Cordes, Elizabeth
DeSantis, Demira
Everett, Donald
Fair, Marie

Flemming, James Robert
Hess, Donald Charles
Howe, Chester
Jack Lewis
LaMantia, Mary Cora

Lanick, Jean
Leydie, George Jr.
Lowry, Adam Jr.
McCreight, Josephine
McFeely, Margaret Jane
Martin, Vernon
Martin, James
Marshall, J. Chapman
Miller, Ruth Louise
Miller, William James
Norris, William
Rizzolla, Wilhelmina
Riggi, Joseph Jr.
Rudl, Doris

Rudl, Dora
St. Clair, Margaret
Sherrick, Merva
Shugarts, Charles Roy
Stevenson, Berton
Stewart, Ernest Jr.
Sutton, Elizabeth
Sutton, Louise
Vinton, Betty
Warner, Edwin
Wells, Ruth
Weeks, Ernest
Winger, Mary Clare
Winger, William

KINDERGARTEN

Baker, Joseph Jacob
Bond, Ronald Mead
Cheitel, Lois Jane
DeSantis, Laura
Fair, Roberta
Fleming, Richard
Forrester, Mary Ellen
Frick, Ralph Jamison
Gessler, Mildred
Hill, George
Hill, Jack
Harkleroad, Vernell
Jones, Margaret
LaMantia, Phyllis Mary
LaMantia, Phyllis Josephine
Lightcap, Mary Carolyn
Miller, Dorothy

Moorhead, Alice
Myers, Robert Day
McElhoes, William
McCunn, Caroline
Neal, Ruth
Oiffutt, Ralph Paul
Rook, Jane
Rizzolla, Richard
Smith, Virginia
Simpson, John A.
Trainer, Clark Winfield
Taylor, Ruth
Taggart, Eugene
Warner, John W.
Weaver, Mary Louise
Whitmyre, Walter Jr.
Willard, Carolyn Jane
